Any Time, Any Where
Your One-Stop Aviation Partner
In 2004, EXECUTIVE JETS ASIA (EJA) was set up by the present founders to meet the growing demand of executive jet travel by corporations and individuals in Asia.

In less than a year, in 2005, EJA established a wholly owned subsidiary, Flying Doctors Asia (FDA), providing air ambulance and medical evacuation services to fill the void in aeromedical services in South East Asia.

2010 marked yet another major milestone when EJA and FDA moved from their base at Seletar Airport in Singapore to a wholly owned, full service, multi-purpose hangar and FBO facility at Senai International Airport (WMKJ), which is just an hour drive from downtown Singapore.

Our new base is a comprehensive facility which houses all aspects of the executive jets and support businesses: We now provide MRO services, ancillary maintenance and engineering support and solutions with fixed based operation (FBO) and aircraft management capabilities.

Over this period of time since its founding, EXECUTIVE JETS ASIA has developed into a recognised market leader in the private aviation industry in South East Asia, with an excellent reputation for high standards in safety, service, crew performance and aircraft maintenance.

Work with us, as we continue to grow and evolve to better serve our clients.
OUR SERVICES

AIRCRAFT CHARTER
MEDICAL EVACUATION
MAINTENANCE, REPAIR & OVERHAUL (MRO)
FIXED BASE OPERATION (FBO)
AIRCRAFT OWNERSHIP MANAGEMENT (AOM)

EVACUATION AND OVERSEAS REPATRIATION

Flying Doctors Asia

Many people have suddenly found themselves in a position where an employee, relative or friend is seriously ill or injured in an area where adequate medical treatment is not available. In many cases, they are neither able to cope nor able to obtain the necessary medical assistance. Flying Doctors Asia specialises in transferring patients to a hospital quickly.

- Largest all-jet air ambulance fleet in Asia
- Complete bed-to-bed service
- Full ICU and emergency-trained medical teams
- Latest medical equipment for every contingency
- One-stop call for air ambulance service
- Competitive, all-in, fixed price
- Airborne within 3 hours
  (subject to permit availability)
- More than 1,000 successful air evacuation missions

MRO, FBO & AOM

Maintenance, Repair & Overhaul (MRO)
Sitting on combined land space of 4.5 acres (approximately 196,020 sqft) at Senai International Airport, our brand new hangar complex is the first MRO in Johor Bahru, Malaysia and is set to be a key MRO in the region.

Fixed Base Operation (FBO)
From refuelling to processing landing permits, VIP hotel accommodation to simple sightseeing tours for the crew, we offer a complete suite of ground and aircraft handling services.

Aircraft Ownership Management (AOM)
Let our highly experienced aviation professionals manage all of your aircraft operation needs and take away all of the complexity of flight operations from you.
THE FACILITY
